Sources

1954 - Procurement figures obtained from a machine listing furnished by the Logistics Office.

1953 - Figures are an average of 1952 and 1954 figures. Actual figures are being developed by the Logistics Office.

1951-1952 - Figures were taken from the numerous manual records maintained prior to 1953. and are the base for computing total holdings by year (See Center Study 29 Dec 52)
